OLD BUISNESS

WHAT WEVE DONE IN THE PAST YEAR.

- I. Surveyed Members to see where there interests were focused and if they were interested in an annual conference.
 - A. Two separate surveys.
 - B. Greatest interest was for professional networking opportunities and education.
 - C. 43 members stated they were very likely or likely to attend an annual conference.
 - D. Many members seeking CEU in Pharmacology.
- II. Revised the Mission Statement

The Wisconsin Chapter of the American Psychiatric Nurses Association seeks to engage in statewide initiatives to promote mental health; recovery from mental illness; and the reduction of stigma associated with mental illness. We work to support the mission of the American Psychiatric Nurses Association through networking, continuing education and political awareness, while recognizing and encouraging the diversity of the Wisconsin Chapter membership.
- III. Bylaws were drafted based on what is working well for other successful chapters.
- IV. Created a quarterly newsletter
- V. Offered educational opportunities to members by partnering with other agencies in the areas such as NAMI. Examples:
 - a. Dr May's at Marian College in Fond du Lac, WI presented an all-day psychiatric seminar
 - b. Webinar for teen depression screening.

VI. Offered opportunities to member to participate in mental health advocacy initiatives such as

A. WCHQ; WI Collaborative for Health Care Quality

B. Dane County Jail expansion forum.
